MINUTES
BOARD OF ALDERMEN
...1910...

Organization meeting of the Board of Aldermen of Jersey City at the City Hall Saturday, January 1, 1910.

The Board was called to order by the City Clerk at 12 o'clock noon.

The roll was called and the following named Aldermen answered to their names and took their seats:

First Ward—Michael J. Callahan.

Second Ward—Malachi A. Tarrant.

Third Ward—Dennis Fitzgibbon and Bartholomew J. Kiernan.

Fourth Ward—Charles S. McMullen.

Fifth Ward—Patrick J. Farrell and Bernard A. Glaccum.

Sixth Ward—Joseph J. McGuire and Edward F. Power.

Seventh Ward—Eugene A. Mahoney and Harry J. Ludman.

Eighth Ward—James Gilson and Louis C. Miller.

Ninth Ward—Edward J. Teeling and Thomas A. Loughran, Jr.

Tenth Ward—Albert Sidler and Philip Weber.

Eleventh Ward—Ulysses G. Borden and Louis Hagen.

Twelfth Ward—Henry W. Boldt and August Siegrist, Sr .

Absent—Aldermen Patrick H. Curtis, of the First Ward, James J. O'Connor, of the Second Ward, and Charles Muldoon, of the Fourth Ward.

On motion of Alderman Kiernan the City Clerk appointed a committee of three, consisting of Aldermen Kiernan, Sidler and Miller, to escort Ernest J. Heppenheimer, the President of the Board (elected November 2, 1909), to the chair.

The committee performed its duty and the President made the following address:

"It is with great pleasure I take my seat as the presiding officer of this Board, and I confidently anticipate that our relations will be mutually agreeable and satisfactory.

"I pledge myself at the outset to administer the duties of my office in a fair and impartial manner, and am confident that in a short while, when we have become better acquainted, no member of this Board will require such an assurance from me.

"The Board of Aldermen is the governing body of the city and the only Board in which every section of our city is represented. In that particular it resembles the representation in the Legislature of the State; and in a sense it is the Legislature of our city. Matters, therefore, that affect any portion of Jersey City are of concern to every member of this Board.

"Among the many questions our municipality will have to deal with in the near future, one of the most important is the protection of the city's water front and particularly its development on the Hackensack River, and the acquisition by the city of dockage facilities, not only for the upbuilding of the west side but for the accommodation of the manufacturing interests already established there. It seems to have escaped observation that a law upon our statute books gives the Board of Finance the power to appoint a bi-partisan dock commission, consisting of four members, and that in this commission are vested plenary powers certainly sufficient to enable Jersey City to acquire and retain valuable rights. With the exercise of proper judgment the development of the west side of this city could be made so great as to almost rival in importance the easterly, or older portion, and the considerable addition to the city's ratables will surely have an appreciable effect upon its tax rate, a matter of prime importance. As a member of the Board of Finance I will do all that lies within my power to bring this condition about through the appointment of such a commission.

"There are many other matters which

it will be proper for the President to bring to the attention of the Board and this will be done in due course.

"I desire to express my thanks for the warmth of the welcome you have extended me, and to assure you that it shall be my earnest purpose to retain your confidence and support, of which members of the Board, individually, have assured me."

On motion of Alderman Mahoney the Board proceeded to the election of a City Clerk.

Michael I. Fagen was nominated by Alderman Mahoney.

There being no other nomination, on a call of ayes and nays Michael I. Fagen was elected by the affirmative vote of all the members present, twenty-two (22) in number.

MISCELLANEOUS BUSINESS.

On motion of Alderman Kiernan the Board proceeded to the election of an Inspector of Scales, Weights and Measures.

John J. Cunningham was nominated by Alderman Power. There being no other nomination, on a call of the yeas and nays, John J. Cunningham was elected by the affirmative vote of all the members present, nineteen (19) in number.

Two (2) ordinances, each entitled "A supplement to an ordinance entitled 'The Building Code,' passed September 17, 1907," were presented by Alderman Ludman, read, received and laid upon the table.

Resolutions were presented, received and disposed of as follows:

By Alderman Power and adopted:

Whereas, the Honorable Board of Finance of Jersey City, through its Clerk, has sent under date of December 29th, 1909, to this Board the following communication:

To the Honorable the Board of Aldermen,

Gentlemen: I was directed at a meeting of this Board held on Friday, December 24th, 1909, to say that they are at a loss to understand why your Honorable Board passed a resolution requesting an appropriation of $500 to pay the City Clerk for services performed at the Registry and General Election of November 2d, 1909, as such an amount was provided in the budget of 1908-1909 to cover election allowance to City Clerk.

Respectfully yours,
R. J. VREELAND,
Clerk.

And whereas, the general election law makes it the duty of the Board of Aldermen to ascertain and determine what is a fair and reasonable compensation to be paid to the City Clerk of this city for the duties and services imposed upon him by the said laws; and

Whereas, the said general election laws impose duties and services upon said City Clerk for the preparing and conducting the constitutional election held September 14th, 1909, and further, and other duties and services, for the arranging for and the conducting the primary election held September 28th, 1909, for which services and duties so rendered by the City Clerk of this city, this Board did ascertain and determine that a fair and reasonable compensation would be the sum of $500; and thereupon at the last regular meeting, of December 21st, 1909, this Board ordered the said sum to be so paid to the said City Clerk Michael I. Fagen, and that a warrant be drawn for its payment, which was so done; and

Whereas, when said warrant was presented to the City Comptroller, Francis Gormley, he refused to sign the same and made a note or memoranda of his reasons therefor on the margin of the warrant book that there was "no appropriation for September election, 1909," although your Board, in making up the budget for the year 1908-1909, did make an appropriation to this Board as follows: "Election allowance, City Clerk, $500.00"; and

Whereas, this Board did ascertain that there were other duties and services performed by the said City Clerk which were imposed upon him by the election laws of this State for the conducting and carrying on the election and registry of September 28th, October 19th and November 2d, 1909, which said laws make it the duty of this Board to ascertain and determine the fair and reasonable compensation therefor, which it did at its last regular meeting, December 21st, 1909, and determined that a fair and reasonable compensation for said services and duties would be the sum of $500.00.

And as there is no money appropriated to this Board to meet this last said amount, this Board did thereupon pass a resolution a copy of which has been certified to, requesting your Board to make an appropriation to this Board of a further sum of $500; therefore be it

Resolved, That this Board renews its request to the Honorable the Board of Finance of Jersey City for a further appropriation of $500 to pay for the services and duties imposed upon City Clerk Michael I. Fagen in preparing and conducting the registry and election of September 28th, October 5th, October 19th and election day, November 2d, which said last sum this Board has ascertained and determined, as it is its duty so to do, to be a fair and reasonable compensation for said services.

By Alderman McMullen, and adopted:

Whereas, the City Hall Commission, which is an appointive body, has incurred an indebtedness in a large amount over and above the appropriation made for the maintenance of the City Hall building for the past year, yet in view of that fact the present condition of the building is that of decay and neglect and shows no improvement, nor any evidence of the expenditure of any special sums of money for its general improvement; and

Whereas, while the custody of the City Hall was in the Board of Aldermen it was maintained in good condition and all obligations incurred met promptly; therefore be it

Resolved, That it is the judgment of this Board that the maintenance and control of the City Hall building, of right should be vested in the Board of Aldermen, and that the Legislative Committee of this Board be and they are hereby empowered to obtain legislative aid to that end.

By Alderman Power, and adopted:

Whereas, the people of the Communipaw avenue section of Lafayette, after many years of accommodation and train service rendered them by the Central Railroad Company of New Jersey at their Communipaw avenue station, as evidenced by the said company stopping eighty-eight trains daily, which action proved beneficial to the people of that section, have discovered to their great consternation and astonishment that the said company has seen fit to post notice of the discontinuance of service at that point, for no other reason but for its own convenience and to the detriment of the people; and

Whereas, the continuance of the said service in the future the same as in the past would be of great benefit to the tradesmen and those whose employment in the factories and other business enterprises in that section occasions them to patronize the said railroad at such station; therefore be it

Resolved, That the Board of Aldermen of Jersey City communicate with the State Railroad Commission and have the Corporation Counsel advise as to the best manner in which the right of the people of that section can be protected.

Be it resolved, That the City Clerk be and he is hereby instructed to forward the original petition of the manufacturers, citizens and taxpayers, which petition was presented to this Board of Aldermen at this meeting, to the State Railroad Commission, and that a copy of this resolution be certified to the Corporation Counsel requesting his aid in the premises and the desire of the Board to have him bring al necessary actions at law before the time set by the Central Railroad Company to close said station and to compel the said company to maintain its present service at the aforesaid station.

By President Heppenheimer and adopted:

Whereas, in 1878 the Common Council or other municipal body was authorized on or before January 1, 1881, to build docks at the end of public streets running to any river in said city; now therefore be it

Resolved, That the Clerk of this Board be and hereby is directed to ascertain whether any action was taken by the Board of Aldermen between March 29th, 1878, and January 1st, 1881, toward the establishment of any dock at the end of any public street in Jersey City, bounded on the Hudson River; and be it further

Resolved, That the Corporation Counsel of Jersey City be and he hereby is requested to give an opinion to this Board as to whether there are any acts authorizing the Board of Aldermen to develop the water front, and whether this Board by any action can facilitate the early improvement of the Hackensack and Hudson River water fronts; be it further

Resolved, That this Board, representing each ward of Jersey City, heartily endorse the immediate development of the water front rights of Jersey City, and respectfully urges the Board of Finance of Jersey City to take action under the law of 1909 and appoint a water front commission in pursuance of that law.

On motion of Alderman Mahoney the following entitled ordinance was taken from the table for consideration, viz: "A supplement to an ordinance entitled 'The Building Code,' passed September 17, 1907.

The ordinance was read, considered and then passed by the following vote, the yeas and nays having been ordered and taken:

Nays—None..

On motion of Alderman Kiernan the Board then adjourned.

MICHAEL I. FAGEN,
City Clerk.

OFFICERS' COMMUNICATIONS

The following communication from his Honor, the Mayor, was presented, received and laid upon the table:

February 3, 1910.

To the Honorable, the Board of Aldermen,
Jersey City, N. J.

Gentlemen:

I return herewith without my approval the ordinance passed by your Honorable Board on January 18, 1910, and presented to me on January 25th, 1910, comprehending the amendment of section 95 of the Jersey City building code.

My reason for this action is as follows:

1. The amendment passed by your Honorable Board permits the covering and roofing with wooden shingles of any building outside the fire limits. The present building code prohibits new shingled roofs both within and outside the fire limits, and the present code is accepted by the fire writers' association and adopted by all the important cities throughout the country.

2. There is at present no demand for such roofing as a careful search of the Building Department records show that during the past two years there has been but one request in all the thousands of plans handled for wooden shingled roofing. The passage of this amendment would let down the bars and encourage the building of such roofs, something which every large city absolutely prohibits and the smaller cities are more and more discouraging.

3. As your Honorable Board well knows there is no roofing more combustible than wooden shingles. A shingled roof always proves dangerous in conflagrations. The official reports of the great fires in San Francisco, Baltimore and Paterson call especial attention to the fact that sparks from the wooden buildings were carried great distances by the wind and deposited on combustible roofs, thus spreading the fire beyond all control. The amendment as passed by your Honorable Board permits wooden shingled roofs to be placed on buildings in congested districts, thus greatly increasing the danger of conflagrations. This is especially so when you consider that Jersey City is rapidly building up and the time is not far distant when the entire city will be within the so-called fire limits.

4. Jersey City has been suffering from an increased fire insurance rate, and efforts have been made by the administration, the Board of Trade and other civic bodies to reduce this rate. These efforts have resulted in a decreasing rate, and further decrease was promised because of the adoption of the present building code and the placing of additional fire hydrants. Some of the hydrants have been placed and when the rest are in position the rates will be lower. The passage of this amendment will, I am reliably informed, preclude a reduction in the rate, undoing all the work which has been done and will in all likelihood cause an increase in the present fire insurance rate. I do not nor do I believe that your Honorable Board has any desire to place an added burden upon the people of Jersey City.

I respectfully urge your Honorable Board to further consider this amendment for I believe that such consideration will lead you to agree with me, and the many citizens who have protested to me, that its adoption would be a menaceto the lives and property of our people, against the spirit of progress and inimical to the best interests of Jersey City.

Very respectfully,

H. O. WITTPENN,

Mayor.

The following copy of a communication by the City Clerk to the Corporation Counsel was read, received and ordered filed:

Jersey City, N. J., February 11, 1910.

Hon. Warren Dixon.

Dear Sir: On December 21st, 1909, an amendment to an Ordinance entitled "The Building Code of Jersey City," was presented to the Board of Aldermen, received, read and laid upon the table.

At the next regular meeting, January 18th, 1910, the said amendment was taken from the table, considered and passed.

On January 24th the said amendment itself and the ordinance book in which said amendment was properly engrossed, and both duly certified to by me as City Clerk, and signed by the President of the Board of Aldermen, were furnished to his Honor, the Mayor.

On February 3d the Mayor's messenger delivered to me a veto of said amendment to said ordinance, but did not return the ordinance book or the original amendment itself or either of them with his veto or objections.

On February 5th the above referred to ordinance book was delivered to me.

On February 10th, 1910, Mr. Halstead, of my office, at my direction, went to the Mayor's office and requested the return of the original copy of the amendment which was delivered to him, and which I now have on file in my office.

I write to ask if in view of the facts above stated is the amendment to the building code effective? The doubt is raised in my mind because neither the ordinance nor the book in which it was engrossed were returned to me until some days after the delivery of the veto message.

Further was the veto message sent to me within the time required by law?

I desire to know is it my duty as City Clerk to immediately advertise the ordinance as having become effective without the signature of the Mayor, or to lay the veto and the communication before the Board of Aldermen at their next regular meeting, which will be February 15th, 1910, for their consideration?

Respectfully yours,

MICHAEL I. FAGEN,

City Clerk.

The following communication from the Corporation Counsel in reply to the foregoing communication was presented, received and ordered filed.

Jersey City, February 14th, 1910.

Hon. M. I. Fagen,

City Clerk,

City Hall.

Dear Sir: I have your favor of the 11th, respecting Building Code Ordinance, passed by the Board of Aldermen January 18th, 1910, and have considered the questions presented by you.

In my opinion, the ordinance to become effective must be passed over the Mayor's veto, and I am also of opinion that the veto thereto, together with your communication to me, should be laid before the Board of Aldermen at its regular meeting.

My opinion is that the veto message was sent to you within the time required by law.

Yours respectfully,

WARREN DIXON,

Corporation Counsel.
